

# One Button Studio Instruction Guide

## Using One Button Studio

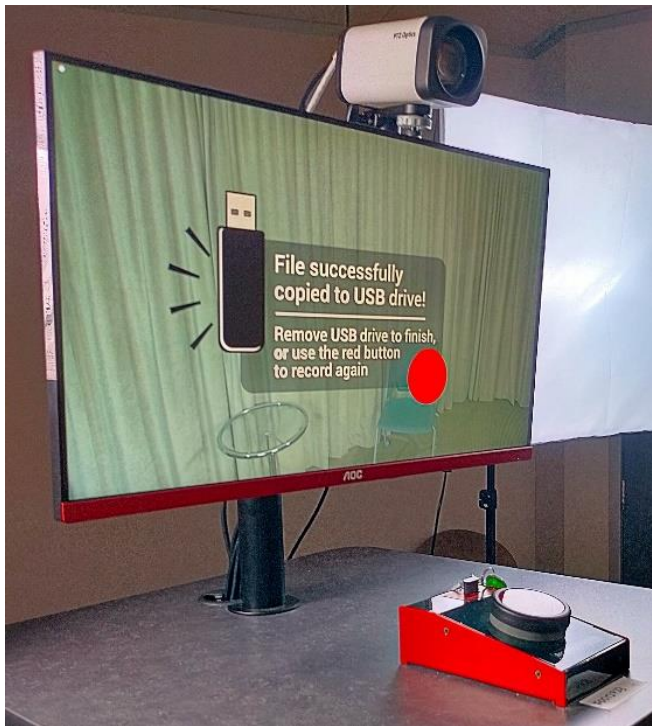

1. Insert USB to begin.

2. When ready, press the red button. This will start up a five-second count down timer.

3. Once finished recording, press the red button again to stop. A 'recording stopped' notification will appear on the screen, and it will automatically save to your USB.

4. When 'file successfully copied to USB' notification appears on the screen, it is safe to remove the USB drive.
