

Connecting Ara WiFi-Windows 10

Please Note: You will need to have activated your student account by signing into a physical PC on Campus to be able to sign into the Ara Wifi.

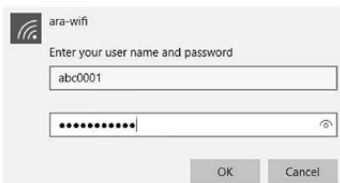

1. Ensure Wi-Fi is Enabled - and Airplane Mode is switched off.
2. Select the network icon from your desktop task-bar (bottom right).

3. Select ARA-WIFI from the network list.

4. Select "Connect Automatically" if available - and click Connect.
5. Enter your everyday Computer/Moodle password - and click OK.

6. If prompted, accept the eap.ara.ac.nz certificate signed by GoDaddy Secure Certificate Authority. The certificate thumb-print is 69 D8 59 9B 14 03 CF B2 F0 1D E1 9A A8 AF 78 C1 C9 FF EB 7C

For further assistance you can contact the ICT Service Desk at (03) 940 8800 or email ICTServiceDesk@ara.ac.nz
